Southern St Clair County Water Levels

St. Clair County Emergency Operation Center continues to be partially activated. Local Emergency Management officials are monitoring the elevated water levels. Levels continue to rise in southern portions of St. Clair County and are starting to impact roads and homes. St Clair County Road Commission has posted temporary road restrictions due to high water/water over roads in Clay Township and Harsens Island.

The maximum loading restrictions are in place until further notice:

- Clay Township - 4 ton maximum axle weight for all axle/vehicle loading:
 - Anchor Bay Drive from M-29 to the end of the public road (south end)
- Harsens Island – 2 ton maximum axle weight for all axle/vehicle loading:
 - Cottage Lane from Krispin Road to Golf Course Road
 - Krispin Road from Cottage Lane to Columbine Road
 - Golf Court Road from Krispin Road to North Channel Drive

This is a dynamic situation dependent on rainfall amounts, changes in wind direction, and wave action. These variables combined with higher than normal water levels can impact roadways, homes and businesses.

The Homeland Security and Emergency Management Division strongly advise that you protect yourself, your home and property. If you are in need of sandbags, please contact your local township or city office at:

- Clay Township Water Department on Muskrat Run: - 7:00 am - 3:30 pm
- Ira Township Office 7085 Meldrum Road: Monday – Thursday 7:00 am – 5:00 pm
- Algonac Department of Public Works: at DPW@cityofalgonac.org (810) 794-9361
- East China Township 5111 River Road – during normal business hours (ID required)

If your home is impacted by flood damage it is very important that you contact the Emergency Operation Center at (810) 989-6392 or via email at damage@stclaircounty.org. Please include your address, phone number, foundation type, amount of water in your home, and damage pictures in the email.

For life threatening emergencies, please call 9-1-1.

Please note that the St. Clair County Warning Information Notification System (WINS) will be used to contact you in an emergency situation. If you have caller ID, you may not recognize the number, however please answer to receive the information.

To sign up for WINS alerts and for the most up to date information, visit www.bereadystclaircounty.org and follow @BeReadyStClairCounty on Facebook.
